

## CARRANZA GIVEN FULL POWER TO ACT IN CRISIS

Washington on Edge  
Waiting Word in  
Reply to Note.

### BULLETIN

By Associated Press Leased Wire  
Washington, Dec. 3.—A resolution requesting President Wilson to sever diplomatic relations with Mexico was introduced today by Senator Fall, republican, New Mexico, chairman of the senate committee charged with an investigation of the Mexican affairs.

"I charge," said Senator Fall, "that the Mexican embassy, the consulate general in New York, and the consulate general in San Francisco, have been actively engaged in the distribution of bolshevik propaganda and that this has been done with the knowledge and consent of Venustiano Carranza."

Explaining his resolution, which also asked that the President withdraw recognition of Carranza, Senator Fall declared it was based on evidence which would "astound the world" when produced. The resolution was referred to the foreign relations committee.

By Associated Press Leased Wire  
Mexico City, Tuesday, Dec. 2.—The solution of difficulties arising out of international affairs with the United States were entrusted to President Carranza without legislative intrusion by the senate at a secret session here today. Relations with the United States were declared during the session as being "very delicate."

**WATCHFUL WAITING.**  
By Associated Press Leased Wire  
Washington, Dec. 3.—State Department officials were marking time today awaiting word from Mexico City of the official delivery of the latest American note to the Mexican government and the subsequent action inspired by it. The message was garbled in transmission and this delayed its presentation to President Carranza.

Private advices from Mexico indicated that some of the Mexican officials were not taking the negotiations seriously and felt that it involved only an interchange of diplomatic notes and would result amicably.

A different attitude was evident at the State Department, however, where the situation was being considered gravely and should Carranza continue to hold out against the American government's request to release American Consul Agent Jenkins without delay, pressure was expected to be brought which would force Mexico to accede to the demands.

**JENKINS WRITES.**  
By Associated Press Leased Wire  
Nashville, Tenn., Dec. 3.—I am now in prison, because I refuse to give bail for one cent as I will not even compromise with them under any circumstances," W. O. Jenkins, the American consul agent at Puebla, Mex., declares in a letter received today by John R. Edgerton, of Lebanon, Tenn., who was captain of the Vanderbilt football team when Jenkins played tackle.

Writing in the Puebla penitentiary, Jenkins said:

"I regret very much the great notoriety that has been given to my hard luck in being carried away by some bandits who live near here, but it has been unavoidable, although the incident would have been forgotten if the authorities had not tried to cover up their criminal responsibility in allowing this city to be unguarded, by charging me with my own abduction. So they have used every means possible to get certain evidence to cover up their absurd pretensions."

**Calls It a Farce.**  
"I have never in all my life seen such a farce as they are carrying out here for I have been condemned without being allowed to present a single witness in my behalf, though I had them ready, and even presented them to the courts, but was told that they were too busy to hear them. At the present moment (Nov. 21) the secretary of the embassy at Mexico City is here taking this testimony, that it may be presented to the state department, inasmuch as the courts refuse to accept it."

"I have plenty of testimony to offset any false evidence that they can possibly produce, but as I say, Mexican justice is of a certain brand at the present time and it can't be changed."

## DIXON BOY IS HOME WITH FRENCH BRIDE

Edward A. Heckman and wife have arrived in Dixon and are visiting Mr. Heckman's mother, Mrs. Kate Hegeman, and his sister, Mrs. George Burkhardt, at the latter's home. Mr. Heckman is just back from France after thirty-one months army service, twenty-one months of which were in France. He wears three service stripes and is the proud possessor of a pretty French bride to whom he was married about three months ago in France.

## MOTHER OF DIXONITE PASSED AWAY TODAY

Mr. and Mrs. E. M. Goodsell were called to Freeport today by the death of Mr. Goodsell's mother, Mrs. M. W. Goodsell, who passed away this morning. She had been seriously ill for a long time. Besides Mr. Goodsell's son, Ellis Goodsell, and a daughter, Mrs. Edward Roberts, both of Freeport, and several grandchildren.

The Arthur M. Goodsell family have moved from Nelson to 1012 Fourth St.

## PUNCH BOARDS ARE FORBIDDEN BY THE MAYOR

Will Not Permit Their  
Operation in Dixon  
This Winter.

Punch boards will be a forgotten luxury in Dixon during the holiday season this year, it was decided at last evening's meeting of the city council. In one store where it was found that the boards had been in operation, the chief of police ordered them off the counters and their use discontinued. The mayor has taken the responsibility upon his shoulders for discontinuing the boards and in so doing give two reasons for his action.

"There are every year a certain number of boys who play these boards and are the losers. I have no doubt, if they were asked, the places where the boards are operated would refuse to allow minors to play them. I have one report now of a high school student who spent about \$2.50 on a board that was stopped. In the second place, the people of Dixon are going to face a situation before the opening of the warm weather, where every cent will be needed to provide for families who will really be in need. Wasting on punch boards is not going to make conditions any better and they will not be tolerated in Dixon."

It has been a practice in Dixon for some years past to allow the dealers to operate punch boards during the holiday season, and these dealers have in some cases made great preparation for them again this year. The action of the mayor will put a stop to this practice in Dixon.

The council at its session last evening passed the regular semi-monthly bills amounting to \$2,572.24. The council as a board of local improvements accepted the final estimate of the work as provided under local improvement ordinance No. 188.

## BODY IN TRUNK WAS EMBALMED, UNDERTAKER UP

Inquest Into Maude Taber  
Mystery is  
On Today.

By Associated Press Leased Wire  
Lawton, Mich., Dec. 3.—The inquest into the death of Miss Maude Taber, whose body was found Sunday jammed into an old trunk in the basement of her home here, was resumed this morning, with indications that at the conclusion of today's session an adjournment will be taken for a fortnight. This will be done to enable Dr. A. S. Warthen, dean of the Pathological department of the University of Michigan, to make a careful examination in the laboratories at Ann Arbor, of the viscera of the dead woman.

Dr. Warthen yesterday expressed the opinion that death was due to septicemia and added that the body had been embalmed before being placed in the trunk. Dr. Warthen's testimony followed that of Joseph Virgo, a former undertaker, who testified that he had frequently talked of marriage with Miss Taber.

Virgo was expected to be recalled to the witness stand today, as was Mrs. Walter Taber, wife of Maude Taber's brother, for whom search is being made in several western cities. Mrs. Florence Taber Critchlow, who discovered the body of her younger sister last Sunday, remains in custody, following her refusal to testify at the coroner's inquest. Virgo also is under detention.

## ST. PAUL'S TO SEAT NEW MINISTER SUNDAY

Members of St. Paul's Lutheran church are making plans for the installation of their new pastor, Rev. Lloyd W. Walter, who comes from Evanston, and who will take up his work in this city next Sunday. Because of the occasion the church council has arranged to hold the installation services in the main auditorium of the church, postponing the edict for services to be held only in the lower rooms, until after next Sunday.

## PRICE OF EGGS UP TEN CENTS THIS MORN

Eggs this morning made another attempt to establish a new altitude record when an advance of ten cents per dozen was recorded by local dealers. The grocers today offered 75 cents per dozen for hen fruit and the retail price was announced as 84 cents.

## E. R. STORE TO CLOSE.

Under agreement reached at the meeting of merchants yesterday afternoon the Boynton-Richards clothing store will not be open this evening.

## THE WEATHER

Chicago and Vicinity—  
Fair tonight and Thursday; slowly rising temperature. Lowest tonight about 10 degrees above zero; moderate southwest winds.

Fair in north; unsettled in south portion tonight and Thursday, probably a hail; slowly rising temperature.

## WENT BELOW ZERO.

For the first time this winter the mercury dropped below the zero mark last night, a minimum temperature of three degrees below being recorded by the government observer at the home of Observer J. B. Lennon. The highest temperature during the night was 9 degrees above.

## BILL CARLISLE SHOT AND CAPTURED; LONG PRISON TERM AHEAD

Spectacular Train Bandit  
May Go to "Chair"  
for Crimes.

By Associated Press Leased Wire  
Douglas, Wyo., Dec. 3.—Two score more years of prison life, possibly death in the electric chair, confronted William Carlisle, train bandit, as he lay today in Douglas hospital with a bullet hole in his right chest while armed guards hovered in the background to prevent escape.

Carlisle was shot down in a cabin yesterday by Sheriff A. S. Rouch of Wheatland, as the bandit, cornered, reached for an automatic pistol to give battle, he posse had trailed Carlisle since Sun. day morning, through a blizzard, by team, on horseback and finally on foot when drifts of snow were encountered too great for a mount to traverse.

The outlaw, who had eluded pursuit since his escape from the state prison at Rawlins on Nov. 15 and subsequent robbery of the Los Angeles Limited train near Medicine Bow Nov. 18, was strapped to a pack horse for the descent down Laramie Peak, 18 miles southwest of here, then bundled into an automobile and rushed to this city.

**Faced Long Term**  
Just what disposition will be made of him has not been determined. He was serving a life sentence which had been commuted to from 25 to 50 years when he escaped. In the meantime a new crime, for which death is the possible penalty, had been committed by the outlaw.

Carlisle will not die from his wounds. He lived clean, has a strong physique and has more than a fighting chance to beat death, his physicians say.

Not an inkling of the bandit pursuit had reached the public until yesterday when it was learned that Carlisle had jumped from the cabin window of a woman rancher as the sheriff's posse entered the horse. He got away, but the heavy snows made his trail easy to follow and he was caught four hours later at the ranch of Frank Williams, in the most desperate part of the Laramie Peak region.

Carlisle has been in Wyoming since the train robbery. Saturday night Sheriff Rouch received word Carlisle had eaten Thanksgiving dinner in a rancher's home in the Laramie Peak district. Union Pacific special officers at Cheyenne were notified and Saturday night posse were sent from Cheyenne, and from Wheatland. They met Monday and throughout that day and yesterday followed from one ranch to another, close on the heels of the bandit.

## SUFFER MINOR HURTS IN AN AUTO ACCIDENT

William Eiler suffered a sprained arm and minor cuts about the head Sunday morning when a Ford automobile, driven by Harold Lenox, in which they, together with Dan Wolfe, Eph Hess, John Gallagher and Lee Hess, of this city, were riding north of Cap Grove turned turtle. The accident was caused by the breaking of a radius rod on the car and it turned completely over, pinning some of the young men underneath and throwing the others out. Gallagher and Lee Hess suffered minor injuries in the accident which was most fortunate in that none of the occupants of the car was seriously hurt.

## Chinese Thank U. S. for Shantung Stand

By Associated Press Leased Wire  
Peking, Nov. 23.—(Delayed)—At the request of the Chinese minister in Rome the Chinese house of representatives has sent a cablegram to the United States senate expressing "the nation's gratitude for the valuable service rendered by the senate in adopting a resolution to the Versailles treaty which reserves to America full liberty of action relative to the Shantung controversy."

Twenty-five thousand students conducted a demonstration here yesterday as a protest against the landing of Japanese marines at Fuchow.

## STERLING FACTORY HAS \$5,000 BLAZE

Damage estimated at about \$5,000 resulted from a fire in the Evan L. Reed Manufacturing Company's metal work plant at Sterling last night, the fire, which gutted the main floor of the building, having its origin, it is believed, in defective electric wiring. The blaze was first discovered at about 8 o'clock and until nearly midnight the firemen worked in the bitter cold. Damage to the building, which is owned by the Moses Dillon estate, is estimated at \$2,600, while loss of machinery and material of the Reed company will be about \$5,000.

## UNCLE SAM'S RAILROADING.

Mrs. Lee Dysart and Miss Grace Crawford returned home last evening from Chicago. They left Chicago at 6 o'clock in the evening and arrived at Dixon at 11:30, the trip of less than a hundred miles requiring five hours and a half. The delay was caused by the cold weather and many stops made necessary by the annulment of many trains.

## MURDERED STEPDAUGHTER

By Associated Press Leased Wire  
Paris, Ill., Dec. 3.—John Burkhead was found guilty of the murder of Mrs. Riley Morris, his step-daughter, by a jury at Marshall, Ill., today. The murder was committed with a German trench knife brought back from France by Burkhead's son.

## APPELLATE BENCH

Judge O. E. Heard Is Appointed by  
Supreme Court

(Special to The Telegraph.)  
Springfield, Ill., Dec. 3.—The Supreme Court today appointed Judge Oscar E. Heard, of Freeport, a member of the Appellate Court for the Second District of Illinois to succeed Judge Duncan J. Carnes, of Sycamore, deceased.

## GERMANS DECIDE AGAINST SIGNING PEACE PROTOCOL

Peace Conference Notified of Germany's  
Refusal.

By Associated Press Leased Wire  
Paris, Dec. 3.—Germany is willing to sign the protocol putting the Peace Treaty into effect the moment certain clauses objectionable to her in the protocol are eliminated. Baron Kurt von Lersner, head of the German delegation here, told the Associated Press this afternoon.

By Associated Press Leased Wire  
Paris, Dec. 3.—Germany has decided not to sign the protocol presented to her by the allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned today that Baron Kurt von Lersner, head of the German delegation here, called on Secretary Duta of the conference on Monday and told him that Germany had made such a decision.

**Blame America**  
This attitude is taken as confirming reports of a sharp reaction in Germany within the last fortnight. Observers of German developments have expressed to members of the Peace Conference the view that there has been a complete transformation of the situation in Germany and that it is due to the failure of the United States senate to ratify the peace treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment, desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in resisting the demand of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided for in the protocol.

The question upon which the German representatives here, however, appear most sensitive is the insistence upon the trial of German officers accused of the commission of crimes in France and Belgium.

Thus far it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude.

**Council Protests**  
The Supreme Council today addressed a note to Germany protesting against the increase of Germany's armament, contrary to the provisions of the peace treaty.

## MAN'S FAILURE TO SUPPORT FAMILY IS PROBED BY OFFICERS

As a result of numerous complaints to the police and of observations made by members of the department, John Zinke, 824 Woodlawn avenue, was summoned before Mayor Mark D. Smith and Chief Van Bibber yesterday afternoon to be questioned why he would not work and support his family of six children.

Zinke claims that he is suffering from a malady, which has thus far been undiscovered by the medical profession of this locality, and that he is physically unable to work. Dr. J. B. Warren, city physician, who has treated Mr. Zinke was called in and was unable to account for his condition. The physician stated that Mr. Zinke this fall underwent an operation for appendicitis, having gone to the Lincoln hospital at Rochelle for this treatment. Zinke, who is but 39 years old, admitted that he had worked a few days but claimed he was unable to work on account of his physical condition.

The conference was by no means a peaceable one and after much questioning, which made no apparent impression upon the man, he was dismissed. The police have learned that Zinke's children have been providing the fuel to keep the family warm and the father was called to the city hall to ascertain if his family was in need and to learn if he was able to give a plausible excuse for not getting a job and supporting the family.

The city authorities were unable to gain any satisfaction and it is probable that the case may be further investigated by other parties.

## WRECK IN TEXAS.

By Associated Press Leased Wire  
Fort Worth, Texas, Dec. 3.—A Port Worth and Denver passenger train was wrecked early today 64 miles north of Fort Worth and 25 persons were hurt, many seriously, according to information received here.

Doctors, medical supplies and nurses were sent from here at 11 o'clock on a relief train.

## LEGION MEET POSTPONED.

The attention of members of Dixon Post 12 American Legion is called to the postponement of the meeting which had been called for tomorrow evening until such time as the coal situation is relieved.

## DRASTIC ORDERS BY UTILITIES BOARD TO SAVE ILLINOIS COAL

Sweeping Recommendations  
Adopted in Chicago  
Meeting.

**BULLETIN.**  
By Associated Press Leased Wire  
Chicago, Dec. 3.—The Illinois public utilities commission this afternoon issued an order limiting operation of non-essential industries and transportation lines to conserve coal. The order is effective immediately and applies to Chicago and northern Illinois territory. The commission will issue another order at Springfield which will apply to the southern half of the state.

**BULLETIN.**  
By Associated Press Leased Wire  
Belvidere, Ill., Dec. 3.—The National Sewing Machine Co., employing 1200 men, will close tonight, because of the coal shortage. The plant of the Belvidere Screw and Machine Co., employing 600 men, closed today.

**BULLETIN.**  
By Associated Press Leased Wire  
Chicago, Ill., Dec. 3.—The Illinois public utilities commission announced today that it had adopted drastic recommendations made by the advisory business commission, of which H. H. Merrick is chairman, for the conservation of fuel and that a formal order would be issued later in the day.

Gov. Lowden held a conference with President Farrington of the Illinois Federation of Miners this afternoon but no action was decided upon. He declined to state what plan he had discussed with Farrington.

Merrick's recommendations, which the public utilities commission adopted, include:

A 50 per cent reduction in the number of steam railway trains.  
Elevated road trains to be limited to one car outside the rush hours morning and evening.

Closing of department stores two days a week.

Closing of all theatres one night a week.

All stores to be open only between 11 a. m. and 3:30 p. m.

Limitation of street lighting.

Chairman Merrick said that the Chicago public utility companies have less than a 25-day supply of coal and that practically no fuel is being received in the city.

Drastic restrictions are necessary, he said, to prevent a public calamity.

Chicago, Dec. 3.—Gov. Frank O. Lowden today advised James H. Wilkinson, chairman of the state utilities commission, that he considered the coal shortage in Chicago and Illinois as extremely serious and said that he would approve drastic measures on the part of the commission to effect new and additional economies in fuel consumption.

The commission was in session throughout the day conferring with representatives of business organizations on the subject of limiting all non-essential industries.

Curtalement of hours which all classes of stores may be kept open was one of the questions discussed.

Gov. Lowden has established headquarters at a downtown hotel and will devote his entire time to consideration of the coal situation until conditions improve.

## SPRINGFIELD MEETING.

By Associated Press Leased Wire  
Springfield, Ill., Dec. 3.—Mayors, public utilities officials from many southern and central Illinois cities met here today at the call of the state public utilities commission for a conference on the fuel proposition in the state.

Conservation of fuel will be the principal topics at the conference according to members of the state commission. Public officials from Lincoln, East St. Louis, Quincy, Belleville, Peoria, Bloomington, Cairo, Danville, Decatur, Galesburg, Jacksonville, Urbana and Champaign are expected to attend the conference.

At another conference tonight called by Dr. C. St. Clair, state director of public health, the division chiefs of the health department will discuss problems growing out of the fuel shortage. Sanitary regulations will be formulated which must obtain in the event that it becomes necessary to house people in central quarters such as schools, churches and public halls.

## Dig Coal in Capitol Grounds in Des Moines

By Associated Press Leased Wire  
Des Moines, Ia., Dec. 3.—The state of Iowa will operate one coal producing piece of property at least. Workmen today were stripping the earth from one corner of the state capitol grounds and steam shovels will be put in immediately to life out the coal discovered there yesterday.

The coal was found by workmen drilling for a foundation for a new building and is a vein about four feet deep. The fuel will be placed at the disposal of the state fuel administrator.

## BARBER SHOPS TO OBSERVE HOURS

The barber shops of the city announced today that they will observe the hours of from 9 a. m. to 6 p. m. week days except Saturday, when they will be open until 10 p. m. These hours have been approved by the city authorities, and will prevail during the present coal shortage emergency.

Mr. and Mrs. Edward Chadwick, of Ashton, were Dixon shoppers on Monday.

## COAL SITUATION IN DIXON SHOWS NO IMPROVEMENT

Some Families Suffering,  
Reports to  
Mayor Show.

The coal situation in Dixon is not promising any relief to those who are without fuel and is becoming more serious almost hourly. Families are telephoning to Mayor Smith, notifying him that their supply of coal is about exhausted and they are unable to secure a replenishing supply. Last evening, the mayor was notified of one family who were under quarantine, where there was actual suffering because of the lack of coal. This morning the mayor arranged to have a quantity of coke taken to the home that the occupants might be kept warm. He has also received requests from other families whose supply has either diminished or is about exhausted.

## Council Chamber Closed.

As a conservative method, the mayor last evening ordered that the city council chamber in the city hall building be closed and no more meetings will be held in it as long as the present situation continues. Clubs or bodies who have been using the chamber for meeting purposes will be obliged to meet in private homes or at some other place. The city council will hold their meetings in the office of the city clerk.

It is estimated that no less than five tons of coal are required to heat the council chamber so that it will be comfortable. By closing its doors a great saving in fuel will be brought about at the city hall.

## Charge Theft of Coal.

The heads of three families who claim to be without fuel and unable to purchase coal from any of the local dealers were brought to the police station last evening by Special Agent Joseph Brier-ton of the Illinois Central. The special agent complained that the men had been taking coal from cars on the company's side tracks. No prosecution was started last evening, the agent taking the names of the parties and allowing them to return to their homes.

## Stores Adopt New Hours.

Commencing this afternoon and continuing until further notice the mercantile establishments of the city will close at 5:30 and will not open until 9 a. m., in accordance with the agreement reached at yesterday's meeting at the city hall. Saturday evening the stores will remain open until ten p. m., but they will not be open any other night in the week.

## WILL TRY LEGAL WEAPONS AGAIN IN COAL STRIKE

Say Government Has  
Evidence of Violation  
of Injunction.

**BULLETIN.**  
Indianapolis, Ind., Dec. 3.—Contempt of court proceedings were to be instituted against all the general officers of the United Mine Workers of America, on whom the temporary injunction is sued by Judge A. B. Anderson, of the United States district court, was served, before the end of the day, according to information obtained from an authoritative source.

By Associated Press Leased Wire  
Indianapolis, Ind., Dec. 3.—Citations for contempt of court, directed against members of the United Mine Workers of America and possibly against coal mine owners, are expected within the next 24 hours as the government's next step in its efforts to bring about an end of the strike of bituminous coal miners.

It became known yesterday that a mass of evidence against alleged violators of the injunction against the strike, issued by Judge Anderson, has been collected by agents of the Department of Justice and that proceedings will be instituted immediately. Government attorneys take the position that statements made by individual miners which might be viewed as encouragement of the strike or agreement by any two members to refrain from work constitute violation of the injunction.

No mines are operating in Indiana. Meantime the fuel shortage is becoming more acute.

## Groaning "Ghost" Was Very Nearly a Fact

By Associated Press Leased Wire  
New York, Dec. 3.—Occupants of a Ridge street tenement were almost correct today when they reported to police that the groans of a "ghost" had been annoying them for two days. Detectives aided by firemen, dug a hole in a chimney on the house and extracted David Cohen, a push cart peddler, who informed them that, business being bad, he had decided to end his life by jumping down the five story chimney Monday morning. He was taken to a hospital suffering chiefly from hunger and exhaustion.

## H. C. FRICK FUNERAL

By Associated Press Leased Wire  
New York, Dec. 3.—Simple funeral services for Henry Clay Frick, multimillionaire iron master and art collector who died suddenly yesterday will be held from his Fifth Avenue home at 5:30 o'clock this afternoon. Only members of the family and close friends will be present. The body will be taken to Pittsburgh on a special train tonight. Interment will be made there tomorrow morning.

The pall bearers will be Elbert H. Gar, J. Horace Harding, Henry DeForest Weeks, Charles S. Carstairs, Dr. John Greer Hibben, Bryce Allan, Gerald Bement of Boston; H. C. Leedes, John R. Grier, Alvin W. Kreech, Charles B. MacDonald, W. H. Moore, George B. Baker, Sr., Samuel Reed, Lewis Cass Leclair and George Harvey.

## RAY OF HOPE IS SEEN IN STRIKE SITUATION TODAY

Further Disruption in  
Nation's Industry  
Due Today.

By Associated Press Leased Wire  
Washington, Dec. 3.—Mine operators from all parts of the country gathered here today to work out details of the 14 per cent wage increase suggested by the government for bituminous coal miners.

It was said that the findings of the committee probably would be submitted to Fuel Administrator Garfield for ratification, but that several days would be needed to work out problems presented.

Continued optimism in official circles was marked although production figures available showed no increase daily tonnage. This is now estimated semi-officially at better than 40 per cent of normal. Operators representing the Alabama fields, gathered for the wage discussion, said production, which had been normal there, had dropped to about 80 per cent, union representatives being active in attempting to call men out. Central Pennsylvania mine owners reported partial production, while West Virginia, Kentucky and Tennessee representatives were confident that mine outputs soon would be back to normal.

In the central district, however, hardly a pound of coal is being produced except by wagon mines and a strip pit or two, operators said.

By Associated Press Leased Wire  
Chicago, Ill., Dec. 3.—Further disruption of national industry because of the fuel shortage brought about by the miners strike was in prospect today. Region directors of railroads had authority to annul passenger trains where the public would be least inconvenienced and many additional manufacturing plants throughout the country faced shutdowns, either through exhaustion of the coal supplies or the strict rationing decreed by the federal fuel administrator.

A ray of hope was found in optimistic reports from operators and the district embracing southeastern Kentucky, Tennessee, and Virginia that the backbone of the strike there had been broken; the return to work of miners at one Missouri mine with the state, meant that they as Americans could not see their neighbors suffer, and adoption of a resolution favoring a general return to work under the 14 per cent wage increase "until a satisfactory adjustment is made."

On the other hand cutting off of electric advertising and other non-essential use of power and fuel, with the added prospect of further curtailment of industry brought to the general public a rather gloomy outlook. It was estimated that with reductions of working staffs already made or threatened should the strike not be broken immediately, the number of employees thrown out of work soon would surpass several times over the approximately 400,000 mine workers involved in the walkout.

In the eastern part of the country, where the effect of the strike so far have not been felt as heavily as farther west, the Bethlehem Steel Co., today had been forced to order banked one of its North Lebanon, Pa., stacks. It was announced that unless there was an early delivery of coal the stock would be blown out, and that because of the fuel situation no additional men now were being employed.

Among the many industries forced to close or facing a shutdown in the west was the Anaconda Copper Mining Co. in Montana. Officials announced it was being prepared to close all that company's mines and smelters, with 12,000 men losing employment.

To the north, flour mills at Minneapolis were among the chief sufferers.

## SEE RAY OF HOPE.

By Associated Press Leased Wire  
Washington, D. C., Dec. 3.—With reports coming in from scattered points of miners returning to work in large groups, there was a ray of hope in Washington today that the acute stage of the national coal shortage was nearing an end. Some officials ventured the opinion that by the end of the week coal production would be increased to the point of safety but that probably another week would be required before the country as a whole would begin to feel the beneficial effects.

Meanwhile the government was showing no relaxation in the

## AMERICANS STAY THRU CRISIS IN PEACE PROTOCOL

### French Soldier Says Germans Hold French in Prisons.

By Associated Press Leased Wire  
Paris, Dec. 2.—The American delegation to the peace conference which was to have started from Paris for the United States on Dec. 6, has postponed its departure for home, it was learned today.

A considerable part of the personnel of the delegation, however, will leave Paris for Brest on the evening of Dec. 5 as previously arranged.

It is learned from a high authority that the change in the plans of the delegation is due to the failure of the Germans to sign the protocol ratifying the peace treaty.

It is possible that if the treaty is not ratified the situation between Germany and the United States, as well as the other allied and associated powers, goes back to the status created by the armistice.

Hence the United States is still quite as much interested as its associates of the allied powers, despite the fact that the senate has not ratified the treaty.

### GERMANS HOLD FRENCH

By Associated Press Leased Wire  
Dijon, France, Sunday, Nov. 30.—Germany still retains French prisoners of war in close confinement. It is claimed by Louis Boucher, a French volunteer who was taken prisoner in June 1918, and returned to his home here today.

He declared that he with two comrades he was tried before a court martial for attempting to escape, and was sentenced to 10 years imprisonment in a fortress. He was taken to Danzig and the others were sent to Koenigsberg. The French mission from Berlin which visited the Danzig fortress discovered, according to Boucher, several prisoners in solitary confinement and had them released. Boucher was among them. "French war office records had carried the word 'disappeared' against his name."

### APPEAL FOR PRISONERS

By Associated Press Leased Wire  
Bern, Sunday, Nov. 30.—An appeal for the repatriation of all war prisoners still held by the belligerents has been addressed to all nations which participated in the war, by the Swiss federal council. Special reference is made to prisoners still in Serbia, Siberia and in France and also Russian prisoners remaining in Germany.

### RESERVE FUME QUESTION

By Associated Press Leased Wire  
Paris, Dec. 2.—The Supreme Council decided today that the question of Fiume should not be settled in the Hungarian peace treaty but be reserved for final decision by the allied and associated powers. This eliminates any objections on the part of either the Italians or the Jugoslavs to signing the treaty on account of Fiume.

### VATICAN INTERVENES

By Associated Press Leased Wire  
Rome, Dec. 2.—Through intervention by the Vatican, the bolshevik government of Russia has agreed to an exchange of war prisoners with Poland. Among the prisoners affected by the agreement is Archbishop Ropp of Mohilev, who has already returned to Warsaw.

## OBITUARY.

### MRS. CELESTINA SCHWARTZ.

Celestina Tunze was born in Erfurt, Germany, Sept. 24, 1841, and passed away in Dixon, Ill., Dec. 2, 1919. She was married to Ernest Freyman, May

7, 1865, and to this union four children were born: Hugo, of Palm Beach, Fla.; Carl, of Erfurt, Germany; Mrs. Herman Rammelt and Mrs. John E. Fischer, of Dixon. Mr. Stegman passed away 35 years ago, and in 1896 his widow came to America, making her home with her son, Hugo. In March, 1899, she was united in marriage with Albert Schwartz, who passed away November 4, 1917, while spending the winter with his son in Florida. Mrs. Schwartz is survived by four children, ten grandchildren and two great grandchildren. Funeral services will be held Thursday afternoon at 2 o'clock at the German Lutheran church, Rev. Graf, officiating and with burial at Oakwood.

## Treasury Report Shows Increased Gold in U. S.

By Associated Press Leased Wire

Washington, Dec. 2.—Increase of nearly a half billion dollars in receipts over 1918 was noted in the report today of the treasurer of the United States for the fiscal year 1919. The ordinary receipts were \$4,647,602,852.48 and the ordinary disbursements \$15,365,362,741.76, an increase of \$6,308,830,175.73 as compared with those of the year previous.

Gold in the treasury at the beginning of the year amounted to \$2,479,954,967.09 the treasurer said. There was a noticeable increase monthly thereafter until May 15 when the holdings attained a maximum of \$2,569,659,633.48.

The general stock of money in the United States at the close of the fiscal year was \$7,518,759,000, an increase of \$777,716,706. The money in circulation increased in volume by \$386,602,549 and amounted to a grand total of \$5,766,929,973.

## QUICK RELIEF FROM CONSTIPATION

C. Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

negroes thirty minutes without the latter knowing they are near because the colored man is then perfectly natural. There have been many colored minstrel shows which were unsatisfactory in their entertainment because the colored performers were self-conscious and did not act natural. Mr. R. M. Harvey, a well known circus man, undertook the task of assembling a company of clever colored people who were not posers who were capable of always remaining natural—even on the stage.

This company will be at the opera house Thursday, Dec. 4.

### BOXER IS DEAD

By Associated Press Leased Wire  
Cincinnati, O., Dec. 2.—Coroner Bauer ordered a post-mortem examination to determine the cause of the death of Oliver R. Cooper, Dayton, Ky., who died shortly after participating in a boxing tournament at the Cincinnati gymnasium and Athletic club last night.

### TRAPPERS REAP HARVEST

By Associated Press Leased Wire  
Sarnia Lake, N. Y., Dec. 2.—Trappers in the Adirondack region, due to the unprecedented high prices paid for furs, are making from \$300 to \$500 a week and some school boys here have made as much as \$65 a week by trapping during spare time.

## Testing Search and Seizure Law in Ill.

Springfield, Ill., Dec. 2.—Supreme court justice arrived here today for the opening of the December term of the Illinois Supreme Court at 2 p. m.

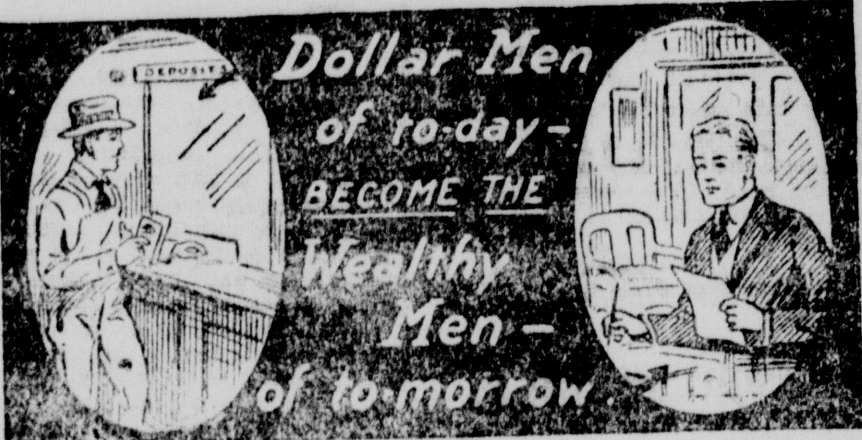

Among the most important cases on which decisions are expected at the close of the term is the appeal of Henry Marquis from McHenry county where he was convicted last September of violating the search and seizure act passed by the last legislature. Constitutionality of the act will be determined.

### JEW'S HONOR WILSON

By Associated Press Leased Wire  
New York, Dec. 2.—President Wilson has expressed to the Zionist organization of America his appreciation of the inscription of his name in the "golden book" of the Jewish National Fund by the Jews of Lemberg. It was announced here today. Names inscribed in the "golden book" limited to those who have rendered some concrete service to the Jewish people, include those of Gen. Allenby and Arthur J. Balfour. President Wilson's name was added to the list because of his declaration in favor of a homeland for the Jews.

## Sure Relief

## Mothers Need REOLO

Every mother knows that the constant care, lifting the baby and loss of sleep, with sometimes prolonged nursing, are a severe strain on the mother's system.

Amusing the baby all day long and then being up half the night when baby is feverish from teething or perhaps some serious illness, result in backache, headache, weakness and nervous exhaustion. Yet ever the mother love watches over the little one regardless of aching head and wearied body.

But for her baby's sake every mother should keep strong and vigorous. She should renew her strength to meet this steady sapping of her health and vitality.

Rich, healthy blood, full of life-giving oxygen, iron, and the cell salts that must be supplied to the cells of the body to maintain health and vigor, will keep you strong and well, restore the glow of health to the pale cheeks, and give renewed strength.

REOLO, the recent discovery of Dr. A. L. Reusing, has remarkable tonic and strength-renewing properties. It makes rich, red, healthy blood, vitalized with oxygen, iron and cell salts. It stimulates the appetite, aids digestion, tones up the heart and nervous system, increases the red blood cells and sends through the entire body a stream of vitalized, health-restoring blood, that nourishes every cell of the tissues, blood, nerves, brain and bones.

Healthy blood makes the whole body healthy. The cheeks glow, the eyes sparkle, the step becomes light and elastic and the whole body thrills with the vigor and vitality of perfect health.

If you feel tired, exhausted, run down and enervated, try REOLO. Each box of REOLO contains 100 tablets sufficient for two weeks' treatment, and only costs \$1.00. It is sold under the positive guarantee that if you are not perfectly satisfied with the improvement in your health and strength after you have taken the two weeks' treatment, we will gladly refund your money.

REOLO is sold in Dixon by Sterling & Sterling, 108 Galena Ave., licensed distributors for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

## SIXTEEN HIGH SCHOOL

### PLAYERS GOT LETTERS AT BANQUET LAST EVE

200 Students and Teachers  
Enjoyed Affair at  
Y. M. C. A. Gym.

Efforts to elect a captain for the 1920 Dixon high school football team at the banquet for the members of the team held at the Y. M. C. A. Tuesday evening were abandoned for the time being when Jones and Waggoner of the south side and Clinton Ives of the north side got into a three-cornered deadlock, which several ballots did not break. Later on in the winter another effort to choose the leader of next year's gridiron aggregation will be made.

The attempted election followed the presentation of the athletic emblems to sixteen members of the football squad. The presentation was made by Coach Vazina and the following were the recipients of the letters: Capt. Heinz Breemer, Jones, Waggoner, Allen, A. Tenenfort, John Ives, Nelson, Hutchinson, Clinton Ives, Sanford, Hutchinson, Downs, Santos, Sennett, Annis, Sloth, over and Hersman.

#### Was Fine Affair.

The banquet for which Carl Santos, president of the north side athletic association, was largely responsible, was a fine affair in every respect. The spread, prepared and served by the Ladies Aid Society of the Presbyterian church, was excellent, and the program of toasts and music was delightful. Principal Potter of the south side schools made an ideal toastmaster. His introductions and stories were full of spirit and as master of ceremonies, he kept the events moving in splendid form. Musical selections were furnished by H. P. Stearns, Miss Seville Crawford and William Keenan and toasts were responded to by Supt. Reader, Capt. Heinz and State's Attorney Harry Edwards. Mr. Edwards' remarks made a decided hit with the 200 students and members of the faculty who were present. He told of the organization of the first athletic association in the south side schools in 1897, when he was a student, of the opposition which was encountered and of the bitter rivalry between the schools, on the respective sides of the river. Gradually he brought the attention of his hearers from athletics to good citizenship and inspired all who heard him to determination to be more worthy the land which fosters the best schools in the world.

Supt. Reader's remarks were of the benefit of athletics in the school and the school pride and interest which they engender, while Coach Vazina devoted his talk to tribute to the boys, their fidelity and their patience.

The spirit manifest by all who attended the banquet was of the kind that is contagious and as a result, greater things are expected for the athletics in

#### PRESBYTERIAN MISSIONARY

An especially pleasant meeting of the Presbyterian Missionary society was held at the home of Mrs. Edward Staples on Friday afternoon. The stormy afternoon seemed not in the least to affect the attendance. An interesting report of the synodical meeting at Aurora was given by Mrs. J. M. Tidball, who spoke especially of the talk given by Mrs. Allen, returned missionary for Persia, who spoke of the great need of the people in that country for which she is gathering funds, and of the terrible Turkish atrocities. Rev. J. M. Tidball developed very entertainingly the topic of the afternoon on Corea.

#### PHIDIAN ART CLUB

On Tuesday afternoon the Phidian Art club members met at the home of Mrs. C. E. Morrison. The music of the afternoon was furnished by Miss Rosalind Dement, who, accompanied on the piano by Clinton Fairney, sang "Le Baiser" (The Kiss), by Goring Thomas and responded to an encore with "Serenity" by Mary Turner Salter. Miss Dement also sang, "I Hear a Thrush at Eve," by Goldman, and Brahms' Lullaby.

This delightful music was followed by a paper on French laces and embroideries by Mrs. Frank Edwards, who gave the history of the two arts. Our earliest records of lace-making come from Asia Minor, there being two types, those made with a needle and those made with bobbins. The art of lace-making was introduced into France from Italy by Catherine d'Medici and was encouraged by Napoleon, the work being done by peasants. After a day's work in the fields the evening was spent making these exquisite spider web patterns, or those too infirm for heavy labor plied their fingers during the day.

Embroidery is the most ancient of arts. Mrs. Edwards traced its history from before Christ. As with lace embroidery was carried into France through Italian influence. Catherine d'Medici was an expert needlewoman and loved to gather her daughters about her to instruct them in this art, which rose to its height under Louis XIV. Lately the French embroidery has been done mostly in convents. Both arts, lace making and embroidery, have suffered on account of the war. The

production is very low and the demand great.

Mrs. Edwards' paper was illustrated by a display of laces and embroideries donated by Dixon ladies. There were many rare and costly pieces arranged about the parlors, making an interesting display. Duchesse, rose point, Lim-eric, Maltese, English thread, Cluny, and Valenciennes were some of the types displayed. A collection of embroidered handkerchiefs belonging to Miss Geisenheimer; a beautiful thread lace cape of Mrs. Herbert Martin's; a lovely Duchesse bertha of Miss Fannie Murphy's were notable examples, where there were many other beautiful specimens of value and interest which were examined and discussed by the ladies.

#### PRESBYTERIAN NOTES.

At a meeting of the committee to consider the adoption of graded lessons in the Sunday school it was decided to introduce the Departmental Graded Lessons in all the classes beginning January 1st. This is a distinct advance in Sunday school teaching and will involve more activity and produce better results than with the old system.

Prayer meeting tonight in the upper room, led in the absence of the pastor, by Mr. W. C. Thompson. A large attendance is desired.

The Women's auxiliary met at the Manse last evening with a fine attendance and a splendid program.

It is the intention of our church to conform to the needs of the present situation and conserve coal as much as nation and conserve coal. To this end the morning service will be held in the Sunday school room of the church. This will involve the firing of but one furnace. We have sufficient coal to last a month if we are careful. The evening service will be a union meeting in the Baptist church with the Presbyterian minister delivering the sermon.

While we are willing to comply with all reasonable demands made by national or city officials to relieve the coal shortage, yet we believe it to be very unwise to close the churches. In this time of acrimony the nation has tried almost every other plan to bring about harmony except the greatest plan, namely, that of humbly and sincerely calling upon God to help. Now is the time for all the people to crowd the churches and "cry unto the Lord in their trouble and He will save them out of their distress."

Members of the Adult Class will have a scramble supper at the church on Thursday evening.

Choir practice Saturday evening at the church.

Members of the Missionary society are packing a Christmas box for the Albion school. Those who have articles should bring them to the church soon.

## PREFERENCE TO WOOD AND W. W. IN SO. DAKOTA

### So. Dakota Democrats Favor Third Term for Wilson.

By Associated Press Leased Wire

Pierre, S. D., Dec. 3.—Maj. Gen. Leonard Wood, President Woodrow Wilson and Gov. Lynn J. Frazier, of North Dakota, today had the endorsement for president of the United States, of the republicans, democrats and Non-Partisan League, respectively, of South Dakota. The endorsements were made at the state convention of the three parties last night.

The democrats also endorsed Vice President Thomas H. Marshall for a third term, while the republicans gave their endorsement to Gov. Calvin Coolidge, of Massachusetts for the vice presidency. The Non-Partisan League did not select a candidate for that office.

After candidates for United States senator, representatives in congress and various state offices had been nominated, and platforms adopted, the three conventions adjourned early today.

The democratic platform had for its keynote permanent peace under the League of Nations, while Americanism stood out as the paramount issue of the republican resolutions. Both democrats and republicans endorsed the League of Nations covenant, the former unreservedly and the latter "with proper reservations." The Non-Partisan League platform favored nationalization of public credits and resources and public ownership of public utilities.

## VOLLEY BALL TOURNAMENT

Plans for a volley ball tournament in the Business Men's gym class at the Y. M. C. A. have been completed and the first game will be played the first of next week. The captains met Monday night at the Y. picked their teams and adopted rules by which the tournament will be conducted. These captains, who are Sutterlin, Potter, Wilson and Wheeler will compose the volley ball sub-committee of the physical department committee and the physical director will act as a board of managers of the tournament. Games in the tournament will be played on Tuesday and Thursday evenings at 5:15 according to the schedule which appears below. The teams are composed of men who have attended the gym class this season and as new members join the class they will be assigned to teams. The number of players on a team will not be limited so that anyone who wishes can get on a team by coming out to gym class and seeing the physical director. At the close of the tournament the two teams having the highest percentage will be entertained at a feed by the other two teams. The personnel of the teams and the schedule of games are as follows:

## W. C. T. U. ATTENTION.

The W. C. T. U. Food Sale, to have been held December 6, has been postponed to some future date on account of the scarcity of sugar.

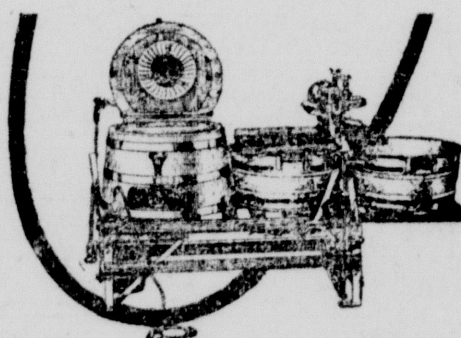

Wilhelmina Kahler's adult dancing class, Friday at 8 p. m. at Armory hall. 288313

Here are two household articles that may play an important part in the present fuel famine. OIL COOK STOVES are very efficient. Nearly every farmer's wife cooks all summer on an Oil Stove. People in town using gas don't realize how good they are. Kerosene fuel is cheap and the supply will probably be ample. Prices \$5.25 to \$22.50.

Fortunately in anticipation of future scarcity we have already received a large part of our next season's supply.

There will be no advance in price. First come, first served.

## EVENTUALLY

you are going to have a POWER WASHER—why not get it now? The fuel famine is affecting laundry work as well as every other line. Our machines can be run by gasoline engine, electric motor, or if the worst comes, BY HAND.

One of our kind of Washers is a first-class investment at any time and may prove doubly so under present conditions.

There is not going to be any advance in price as long as our present stock lasts and we have a lot on hand. Probably no factories will make further shipments until after the fuel famine.

Buy at once anything you need. Every factory in the land is behind orders and there is little likelihood of their catching up before next summer.

## Henry C. Frick, Big Steel Man, Died Today

By Associated Press Leased Wire  
New York, Dec. 2.—Henry Clay Frick died here today.

Mr. Frick suffered an attack of pneumonia poisoning early in November. He had nearly recovered from this when complications developed. He was 69 years old.

Although little known in the financial district, Mr. Frick became a prominent figure in Wall street on the organization of the United States Steel Corporation in 1901. He was a director and member of the executive committee of that organization almost from its inception. According to general belief among financial men he wielded a greater influence than any other one man in directing the policy of that corporation.

## FOR GRIDIRON PENNANT

By Associated Press Leased Wire  
Rock Island, Ill., Dec. 2.—Manager Flannigan of the Rock Island Independents announced last night arrangements which brings the Canton Bulldogs here Sunday, Dec. 7 for a game carrying the professional championship of the United States.

Rock Island won this chance at premier honors by defeating Columbus Pan Handles and Akron Indians handily. Hammond all-stars, earlier in the season had a hard time beating Rock Island 12 to 7 but now doubts are expressed whether any organization of stars can take the Independents' measure. Hammond is the only team to cross the locals' goal line this season.

## "National Unrest and the Remedy"

It will be a pity if it is necessary for farmers to starve out capital and labor to stop their fighting. And the chances are that it will not be necessary—that the powerful balance-wheel of farm opinion will steady the industrial machine. Just how this will be done is clearly shown in a new and interesting article with the above title, the first part of which appears in The Farm Journal for December. Be sure to read it if you want to help the rest of us hold things steady.

## Potash Replaces Manure As Fertilizer

In the third section of his epoch-making fertilizer series, A. B. Ross scores the most important point he has yet made. It is shown that in 35 years of practical tests, a phosphoric acid-potash fertilizer in the proper proportion (1:2.08) is the only one which has proved itself the equal of 16 tons of stable manure to the acre. Manure is rapidly becoming scarcer, due to the inroads which the automobile and the tractor are making on horses, and to other causes. It is supremely important to find, therefore, that by rotating clover and the fertilizer formula given above, farmers can maintain the soil at the highest possible production basis, even without a pound of manure. # SANDRA THE JEALOUS

By JANE PHELPS.

## NOTHING IS LEFT TO REMIND SANDRA OF LEO LA CHAPTER CXI.

As always when I had proven my suspicions unjust or unfounded I was very meek, very humble for days. I had been so astonished, that Mrs. Currie could calmly carry out her husband's instructions, and at the same time appear happier than at either time I had seen her. "I am sure I couldn't have done it," I said to myself. Then came the thought: "This woman who knew her husband loved another and yet who did her duty by him, was made happy because she found out that, in spite of his love for the other woman, he had been faithful, always faithful to her. And really that is what counts, after all. As she had said, people couldn't help loving, but they could help being faithful."

I compared this woman's husband with Walter Kemp—the careless pleasure-seeking man who trampled on women's hearts with no thought of consequences to them, so long as he was happy. Then I thought of Everett, of how I had misjudged him so many times.

"She hasn't as jealous a disposition as I have," I said to Mrs. Currie, trying to condone my actions with the old excuse, not realizing that I made no effort to combat my jealous nature, but gave way to it, thus making it more intensively alive.

I could not dismiss the incident for days. That and Walter Kemp's accident. I had a letter from mother saying that Rose would not return and live with her parents; that she had taken Walter's loss bravely, altho she was inexpressibly grieved.

"Her mother told me," the letter said, "that Rose and Walter had parted amicably that morning. That he had promised to come home early and take her to dinner and the theater. He had kissed her and called her a 'good little scout.' Those were his last words to her. They had seemed to comfort Rose."

Of course they did! It WAS nice to feel that he had appreciated her efforts to please him. I recalled her letter written after she returned to him, in which she had said she was going to do her very best no matter what Walter did; that she was never going to find fault, or nag him about anything. She evidently had been able to do as she had planned. His calling her "a good little scout" was proof she had tried to please him regardless of herself.

I wished in a careless sort of way that I had some of her grit. "I wish I could dismiss my jealousy, make up my mind never to be jealous again—even of Leo La," I said as I stood in the win-

dow waiting for Everett to come home. "But I can't help being jealous—I love him so."

If, instead of excusing myself I had determined to love and trust. I should have been much happier. I loved, but I did not trust—a condition which makes only for unhappiness.

After my visit to the cemetery I had torn up the note I had found pinned to Leo La's dress, and which I had put carefully away. It was a little sign of my repentance for having such jealous thoughts, as compared to Mrs. Currie's selfishness. It was the very last of Leo La's personal belongings of which I had cognizance. Everything of hers in the attic had long ago been given away. My home had all been done over so that nothing downstairs reminded me of her.

People too had ceased to say anything about "the first Mrs. Graham" or to comment upon my likeness to her—the similarity of our coloring, or the becomingness of sapphire blue. All but Mr. Leveridge; he sometimes still joked about my likeness to Leo La. But I cared little for anything he could say. There was really nothing now in my life to cause me to think of the "first Mrs. Graham" yet never for long was she absent from my thoughts. Explain it if you can. I cannot. A word, often just a look on Everett's face would lead me to imagine he was thinking of her, perhaps loving her in his thoughts, and I would be miserable.

I know these spells of depression worried Everett. More and more, as time went on, did he try to get me to explain WHY I felt so "blue"—as I expressed it—at times.

"I try to make you happy, Sandra. Is there anything you want? Anything I can do to prevent these fits of depression?"

"No—it's nothing," I would assure him, ashamed.

### Tomorrow—A Distressful Scene

#### A DISTRESSFUL SCENE. CHAPTER CXII.

It is now wonderful that, having carried the jealousy, the intolerance of childhood into my home, into my relations with my husband I had not ruined our lives. Had it not been for his extreme courtesy, which invariably made me ashamed to voice all my suspicions we would surely have landed on the rocks of domestic infelicity.

My love for Everett had been a constantly growing love. My pride in him

was enormous, and had increased as time went on. I had learned something of the quiet depth of his mind; I recognized his dignity as being appropriate to a man in his position—instead of thinking of it as belonging to an old man in word I now never used in connection with him—not even in my thoughts.)

Yet in all the years of my marriage, I have never known any unalloyed happiness for many days together; my jealousy effectually prevented this. However, in our married life there was none of the mutual recrimination usually caused when either, or both, let the green-eyed monster sway their passions. This was due entirely to Everett's command of himself and a certain pride he had taught me to feel about giving away to my feelings before him. In deed I could more easily have done so before the merest acquaintance. The few times I had given vent to my jealousy, were long past. Later I had pretended as I had—when jealous of Miss Pierce that nothing ailed me; that I did not feel well, had an headache, or some other equally evasive reason.

I still occasionally felt nervous because of Miss Pierce—"Katey," as I now always call her. I knew Everett both liked and trusted her. He had shown his admiration for her openly many times. But whenever I thought of letting her go, her care of Junior, her devotion to him made me hesitate. Then too I should have been obliged to combat Everett. He would not allow me to dismiss her without some good reason—something he would consider such.

I wonder why it is that if one is looking for trouble he always finds it? I was insistently watchful of Miss Pierce, of Everett, when she was around. My espionage brought results. One day I had been out driving with Alice Skane. I was a bit late in getting home, and Everett was in before me. His hat and coat lay on the hall rack. I had let myself in with my key, so no one knew I was home. Voices in the library arrested my attention. I walked quietly in that direction, with no intention of spying. But the

door was not tightly closed, and I heard Everett say:

"There, my dear, don't cry any more. It will make you ill."

I halted. Who was he talking to? In another moment, I would have made my progress known, and so never have heard his remark.

Cautionously I pushed the door a trifle open. It yielded noiselessly to my touch. I could see into the room.

"There! please do not give way so!" Everett again spoke.

Miss Pierce was seated before his desk, her folded arms upon it, and her head pillowed upon her arms. She was sobbing heart-brokenly. Everett's hand—I noticed with a sharp stab—was resting on her shoulder, as he bent over her. No my jealous eyes it looked as if he had been embracing her.

"I'll try not to," she raised a tear-stained face. "I should be ashamed to worry you when you have been so good to me. But I am so unhappy, so afraid she will never understand and consent to let me stay."

"We'll hope for the best. Come; go, lather your eyes, and leave it to me," he said, gently assisting her to rise, and holding her steady just a moment, his arms about her.

I nearly screamed aloud. Then I quietly slipped into the dining room just across the hall, nearly upsetting Thomas as with a tray full of silver.

"Is Mr.—Graham—in?" I panted, "I am late."

"Yes, Mrs. Graham, he came in some time ago."

"I'll be down in a few moments," I told him as I went into the hall, purposely making a noise.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## 15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day.  
Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 192, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't set you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Danger Co., 251 Columbia Bldg., Indianapolis, Ind.

## Cold Water Shaving

Cold water does as well as hot when you shave the Modern way; with Barbasol.

Barbasol is not a soap; contains no alkali; does not lather—so, hot water is not necessary.

Barbasol is a cooling, healing ointment that softens the beard without brush or rubbing. Harmless to the most delicate skin; makes it healthy and keeps it so.

Just apply Barbasol with the fingers and shave; the common-sense way for the busy man.

Use it and get the Barbasol face; clean and healthy; feels good; looks good.

SALES IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome.

Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

## Corn Depressed By Heavy Sales Today

(By Associated Press Leased Wire)

Chicago, Dec. 3.—Free selling depressed the corn market today after an upturn in values at the opening. The initial strength was ascribed to continued scantiness of corn receipts and to higher quotations on hogs. Shutting down of industries, however, and a severe new break in sterling exchange tended to develop bearish sentiment. Opening prices, which varied from the same as yesterday's finish to 3c higher, with December 1.41½ to 1.43½ and May 1.35½ to 1.37½, were followed by a setback all around to well under the previous close.

Oats were ruled by the action of corn. After opening unchanged to ½c higher, including May at 80c to 80½c the market underwent a moderate sag.

Provisions weakened with grain. Trade was light.

Numerous rallies ensued, but none of a lasting sort. The close was nervous, 1½c to 3c net lower, with December 1.39½ to 1.40 and May 1.32½ to 1.33.

## 5 STEAMERS AND 2 WHARVES BURN

(By Associated Press Leased Wire)

Baltimore, Md., Dec. 3.—Two wharves of the Canton Lumber Co., at Canton, a suburb, the state oyster steamer Governor McLane and five other vessels were destroyed and four steamers slightly damaged by fire early today. H. W. Train, cook of the government steamer L'Enfant, was burned to death and a score of others had a narrow escape. The crew of nine on board the McLane were obliged to jump overboard to escape the flames. Several of the men were taken to the hospital suffering from exposure.

A large quantity of lumber on the wharves also was burned. The cause of the fire is undetermined. The steamers Governor McLane and Major L'Enfant of the United States quartermaster's department, Eugene Gretchen, tug T. J. Hooper, a floating welding machine and a scow were destroyed and the United States shipping board steamers Lake Duval and Nupoleta, the oil tanker Wilhelm Jensen and the excursion steamer Dreamland slightly damaged.

The Canton Lumber Co. places its loss at \$250,000 and the loss on vessel property may exceed \$500,000.

## Books.

One cannot celebrate books sufficiently. After saying his best, still something better remains to be spoken in their praise. As with friends, one finds new beauties with every meeting, and would abide always in the presence of those choice companions. As with friends, he may dispense with a wide acquaintance. Few and choice. —A Bronson Alcott.

## TRAINMEN WON'T HAUL VOLUNTEER KANSAS MINERS

(By Associated Press Leased Wire)

Pittsburg, Kan., Dec. 3.—A Santa Fe switching crew at Frontenac today refused to move a train of volunteer miners and soldiers to two steam shovel mines, according to an official report to Col. Lewis of the regular army.

## KANSA SMINE WORK.

(By Associated Press Leased Wire)

Pittsburg, Kan., Dec. 3.—Eleven strip pits in the Kansas coal fields will be in operation by the state this afternoon. Gov. Henry J. Allen announced just before starting on a tour of the district north of Pittsburg.

C. D. Sample, one of the state's receivers, announced that eight or ten cars of coal would be shipped out of the coal field by night. The first car went from Pittsburg late yesterday and was consigned to Coldwater, Kan.

Whether members of the four brotherhoods of railway employees working out of the coal fields will refuse to handle the coal will be determined at a meeting late this afternoon. The railway employees leaders expect word today from the national organizations upon their request to refuse to handle the state mined coal.

The theft of seven cases of dynamite and a large quantity of dynamite caps from a mine magazine near Franklin last night caused the hurried despatching of national guardsmen to Franklin. Department of justice agents also are at work on the case.

W. W. Teschendorff returned home last evening from Chicago where he attended the stock show.
